Intro to Digital Photography

Project 5 Rubric

___ /25 ***Creativity/Image Quality***

The photographs fill each frame and are thoughtfully composed in a creative, original manner. Visually interesting.

___ /15 ***Freeze Motion***

There is at least one image where motion is frozen by use of a fast shutter speed.

___ /15 ***Show Motion – subject blur or panning***

There is at least one image where motion is shown by use of a slow shutter speed.

___ /15 ***Exposure***

The images are properly exposed and contrast and white balance adjustments have been made. There is a full range of tones from black to white within the image.

___ /15 ***Focus***

The photographs have some point of sharp focus on the intended subject that is appropriate.

___ /5 ***Flickr***

The self portrait icon on your Flickr is a nice head shot and all project images were uploaded to our Flickr class page on time.

___ /5 ***File Naming***

All the photographs are in the requested file format. Project #_Shot
_Your lastname.jpg

___ /5 ***File Resizing***

All photographs were resized to the appropriate pixel dimensions. It is important to understand how to resize your images for output.
